Hi Valerie,

The week of 5/1 sounds good to me. Marsha and I can coordinate on our schedules and suggest some times. Hope everyone enjoys their time off.

Thank you,
Cynthia

Hi Marsha and Cynthia! Hope you are well. Chris Trent is out next 2 weeks and I'm out next week, so if you want both of us and Andrew on a call it could be week of 5/1.

The FY17 priorities will be discussed on next Thursday's Climate Impacts Subcommittee call (to be led by Joey). We discussed them on the last call, too (but there were very few people on the call), so you could get a status update on the 4/20 11am call in the meantime.

Progress continues on the EMI, systems framework, summary of communities projects & information/tools/best practices to address needs identified at NIEHS Climate Justice workshop. No progress currently on summarizing potential international efforts for leveraging, or on the climate justice info portal in the Climate Resilience Toolkit. We wanted to talk with you about how you see the priorities/directions of this subcommittee given the new Administration & EJ IWG priorities. This subcommittee participation has dwindled over the last few months, presumably because of all the uncertainty around climate impacts efforts in the federal agencies. Any guidance/suggestions from you would be most welcome.

Thanks,

Valerie

Hi—hope all is going well. The Strategy Implementation team (Cynthia and I) would like to meet with the Climate Change co-chairs and Andrew to discuss the committee's FY 17 priorities. Give me some dates/times that may work. Thanks!
